

## Discover: Kodee 's Print-a -Puzzle!

Kodee loves to sit down at his table and put together a good puzzle. Would you like to try to put together a puzzle? Just follow the instructions below, and you'll be solving puzzles with Kodee in no time!

### **What you'll need:**

- Paper
- Cardboard
- Glue... Glue stick works best for applying evenly.
- Scissors

### **Step 1:**

Download and print out this puzzle page.

### **Step 2:**

Glue a piece of cardboard to the back of the puzzle page. Be sure to really spread the glue evenly.

### **Step 3:**

Cut your puzzle page along the dotted line, then, cut along the white lines to make 9 square pieces.

### **Step 4:**

Shuffle the pieces around the table and then try to put the puzzle back together again!
